-Join us for an evening at Koziar's Christmas Village!! William Koziar, creator, began decorating his home and property in 1948 for the pleasure he and his wife, Grace and their four children derived from the unusual display. People appreciated and applauded the beauty of their home and began to refer to it as the "Christmas House" Mr. Koziar added new and unique items and lighted displays to the original layout each year. He began decorating the lake, walkways, trees, fences, and buildings, as well as continually adding to the barn and house.
